SITUATION SUMMARY (More Information)

September 8, 2020: | **Maps** | **Update** | **Video** | **Photos** | **Facebook** | **Twitter** |

The Dolan Fire is burning on the Monterey Ranger District of the Los Padres National Forest. The fire is burning in steep, rugged terrain including portions of the Ventana Wilderness Area. It is being managed under a full suppression strategy, providing for public and firefighter safety. It is being managed by a Type 1 incident management team, Pacific Northwest team 2. Over 800 personnel are assigned.

Very hot weather over the Labor Day weekend has meant increased fire activity, with uphill runs and trees torching. The fire continues to be active at night and previously quiet areas have seen renewed activity because of the absence of the any marine layer inversion. Crews are preparing control lines to be ready to execute firing operations from Cone Peak Road to Hwy 1, and beginning line construction northeast from Cone Peak Road to Ativa Road. This is being done to keep fire north of the Nacimiento-Fergusson Road. If successful these operations will secure the Highway 1 corridor to the south and minimize fire growth to the east of coast ridge. Structure protection actions are being carried out at LimeKiln State Park and other areas to be prepared if the fire advances. A fire camp is being established at Fort Hunter Liggett to move resources closer to the active fire edge and reduce travel times. Crews have also been building direct line in the eastern edge of the fire within the Ventana Wilderness Area, using Minimum Impact Suppression Tactics (MIST) to minimize natural resource impacts and mitigate for Wilderness values.will secure the Highway 1 corridor to the south and minimize fire growth to the east of coast ridge. Structure protection actions are being carried out at LimeKiln State Park and other areas to be prepared if the fire advances. A fire camp is being established at Fort Hunter Liggett to move resources closer to the active fire edge and reduce travel times. Crews have also been building direct line in the eastern edge of the fire within the Ventana Wilderness Area, using Minimum Impact Suppression Tactics (MIST) to minimize natural resource impacts and mitigate for Wilderness values.

COVID-19 (LOCAL COVID DATA)

Novel Coronavirus is an outbreak of respiratory disease caused by a novel (new) coronavirus that was first detected in China and which has now been detected in more than 100 locations internationally, including in the United States. The virus has been named "SARS-CoV-2" and the disease it causes has been named "coronavirus disease 2019" (abbreviated "COVID-19").

All data is developed by the Health Department. For questions, comments, and concerns, call 831.769-8700 or 831.755.4521 or email covid-19@co.monterey.ca.us.

Note: Data includes records processed and de-duplicated from the backlog of reports associated with the statewide surveillance system's lab routing issue. The data cleaning process is ongoing locally. Data will be adjusted as case interviews are conducted and additional laboratory reports are received. Therefore, data should be interpreted with caution

SIGNIFICANT EVENTS

This is a timeline of International, domestic, and Local significant events related to COVID-19 and the River Fire. All new information will be ***highlighted at the top.***

- August 28, 2020 – California has a new blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities. Find out how businesses and activities can open in counties statewide beginning on August 31.
- August 18, 2020 – Carmel Fire and Dolan Fire start.
- August 18, 2020 – Monterey County Board of Supervisors ratified a proclamation of the existence of a local emergency due to the River Fire. Fire at 10% containment.
- August 17, 2020 – Governor Gavin Newsom secured a Fire Management Assistance Grant (FMAG) from the Federal Emergency Management Agency (FEMA) to help ensure the availability of vital resources to suppress the River Fire burning in Monterey County. More information.
- August 17, 2020 – Evacuation warnings issued to the surrounding communities. Evacuation Center at Buena Vista Middle School and Carmel Valley Library closed. Evacuation Center at Toro Park School Opens.
- August 16, 2020 – Evacuation Centers opens at Carmel Valley Library and Buena Vista Middle School.
- August 16, 2020 – River Fire starts of off Pine Canyon southeast of Salinas. Evacuation orders and warnings issued to the surrounding communities.
- July 13, 2020 - Governor expands the closure of indoor operations in Monterey County. ALL counties must close indoor operations in these sectors: Dine-in Restaurants (indoor); Wineries and Tasting Rooms (indoor); Movie Theater (indoor); Family Entertainment Centers (indoor); Zoos and Museums (indoor); Cardrooms (indoor); Closure of all brewpubs, breweries, bars, and pubs (indoor and outdoor). More information.
- July 8, 2020 - The State Health Officer has issued an order for Monterey County which imposes new restrictions; order requires some businesses and activities to move their activities outdoors and some businesses to close completely. More Information.
- July 2, 2020 - California Department of Public Health Officials placed Monterey County on the COVID-19 County Data Monitoring Project watch list in response to elevated disease transmission as indicated by Monterey County exceeding the state's 14-day case rate threshold of 100 cases per 100,00 residents and by exceeding the state's threshold for percent change in 3-day average COVID-19 hospitalizations. More Information.
- June 12, 2020 - Charter Boat operators may begin. More information.
- June 12, 2020 - Opening of the business sectors. More Information.
- June 11, 2020 - Monterey County Health Officer Rescinds Short-Term Lodging Order. More Information

- June 11, 2020- Monterey County Health Officer Rescinds Short-Term Lodging Order. More Information
- May 30, 2020- Monterey County Attestation Approved. More Information.
- May 26, 2020 – Health Department Submits Attestation. More information.
- May 25, 2020 - California Department of Public Health announced the statewide reopening of places of worship for religious services.
- May 1, 2020 The Monterey County Health officer amends and extends Shelter-in Place Order. ***More Information***
- April 28, 2020-Monterey County Health Officer issues mandatory face covering. ***More Information***.
- April 14, 2020 – Monterey County Op Area EOC Announces Alternate Care and Alternate Housing Sites. More Information.
- April 6, 2020 – Monterey County Op Area EOC elevated activation level to Level 1.
- April 5, 2020 – 2 new COVID-19 Testing Sites open. More info.
- April 3, 2020 – Monterey County Health Officer Reissues the Shelter in Place Order with added restrictions. More Information.
- April 1, 2020 - California Department of Public Health releases Face Coverings Guidance. More Information.
- March 26, 2020 – Disaster Cost Recovery Information Released. Event Number: FEMA-3428-EM-CA California COVID-19. More Information.
- March 21, 2020 – First fatality due to complications from COVID-19 in Monterey County.
- March 19, 2020 - Governor Newsom issues a Shelter In Place Order to protect the health and well-being of all Californians and to establish consistency across the state in order to slow the spread of COVID-19.
- March 18, 2020 – Monterey County Op Area EOC elevated activation level to Level 2.
- March 18, 2020 - Monterey County Jail Visitation Suspended
- March 17, 2020 – City of Salinas and Sand City proclaim the existence of a local emergency.
- March 17, 2020 – The County of Monterey Health Officer has issued a Shelter-in-Place Order effective at 12:01 a.m. on March 18, 2020 and will continue to be in effect until 11:59 p.m. on April 7, 2020, or until it is extended, rescinded, superseded, or amended in writing by the Health Officer.
- March 17, 2020 – First two confirmed cases of COVID-19 in Monterey County.
- March 17, 2020 –The Counties of Marin, Contra Costa, Alameda, Santa Clara, San Mateo, Santa Cruz and San Francisco order a Shelter In Place beginning March 17, 2020.
- March 16, 2020 – Cities of Del Rey Oaks, Gonzales, Greenfield, King City, and Soledad declared local emergencies.
- March 16, 2020 – Monterey County schools & libraries temporarily closed.

- March 13, 2020 –Diamond Princess Cruise Ship passengers quarantined in Asilomar Hotel, Pacific Grove while undergoing testing.
- March 13, 2020 – Cities of Seaside, Marina, Monterey, Carmel & Pacific Grove proclaim emergencies.
- March 13, 2020 – President Declares a National Emergency.
- March 12, 2020 – Governor Newsom issue Executive Order EO-N-25-20 .
- March 11, 2020 – World Health Organization declares pandemic for COVID-19.
- March 6, 2020 – Monterey County Public Health begins testing for COVID-19.
- March 6, 2020 – Monterey County Proclaims Emergency (Approved by Board of Supervisors March 10, 2020).
- March 4, 2020 – California Proclaims Emergency.
- March 4, 2020 – First COVID-19 death in California.
- March 3, 2020 – CSUMB/ Monterey Peninsula Regional Emergency Operations Center activated to lowest level.
- March 3, 2020 – Monterey County's Health Department Operations Center (DOC) Activated.
- March 2, 2020 – Monterey County Emergency Operations Center (EOC) Activated to Level 3 (lowest).
- February 28, 2020 – First case of community spread in California.
- February 4, 2020 – USA declares public health emergency; travel restrictions put in place.
- January 30, 2020 – World Health Organization (WHO) declares public health emergency of international concern.
- Jan 26, 2020 – First confirmed case in California.
- January 21, 2020 – First confirmed US case in Washington State.
- December 31, 2019 – First confirmed case of COVID-19 in Wuhan, China.

STATUS OF SHELTER-IN-PLACE

Governor Gavin Newsom today unveiled the Blueprint for a Safer Economy, a statewide, stringent and slow plan for living with COVID-19 for the long haul. The plan imposes risk-based criteria on tightening and loosening COVID-19 allowable activities and expands the length of time between changes to assess how any movement affects the trajectory of the disease.

Like every aspect of California's response, data and science are the North Star, and as a result, this new framework makes a number of changes to the state's previous resilience roadmap.

Californians can go to covid19.ca.gov to find out where their county falls and what activities are allowable in each county.

"This Blueprint is statewide, stringent and slow," said Governor Newsom. "We have made notable progress over recent weeks,

but the disease is still too widespread across the state. COVID-19 will be with us for a long time and we all need to adapt. We need to live differently. And we need to minimize exposure for our health, for our families and for our communities."

The Blueprint builds on lessons learned from the first six months of the disease – and the new scientific understanding that has been collected – to create a new system for regulating movement and COVID-19 transmissions. It includes:

1. At least 21 days to expand activities beyond the initial tier to ensure California better limits the spread of the virus;
2. Mandatory metrics – case rates and test positivity – to measure how widespread COVID-19 is in each county and guide what is allowed;
3. A uniform state framework, with four categories instead of 58 different sets of rules;
4. A more nuanced way of allowing activity: Instead of open vs. closed, sectors can be partially opened and progressively add to their operations as disease transmission decreases; and
5. A new process for tightening back up again quickly when conditions worsen.

The updated guidance can be found at https://covid19.ca.gov/.

MONITORING METRICS (MORE INFO) AS OF SEPTEMBER 6, 2020

The Monterey County Health Officer will continuously review the metrics below and assess whether the county's current status demonstrates an ability to maintain health care system surge capacity and to protect those at high risk for severe COVID-19 disease.

Indicator or Metric*	Baseline at Variance Application Submission	Threshold for Considering Modifications	Current Status**

STATUS OF THE STATE

Californians have been staying home and saving lives since the start of our statewide stay-at-home order issued on March 19, 2020. These efforts have allowed the state to move forward on our roadmap for modifying the statewide order.

We are now in early Stage 2, where retail (curbside and delivery only), related logistics and manufacturing and essential businesses can open. The state is issuing guidance to help these workplaces reopen safely. More Information.

Stage 2 expansion will be phased in gradually. Some communities may move through Stage 2 faster if they are able to show greater progress. Counties that have met the readiness criteria and worked with the California Department of Public Health can open more workplaces as outlined on the County Variance page.

California moved into Stage 2 of modifying the state's Stay-at-Home order on May 8, 2020. Our progress in achieving key public health metrics will allow a gradual re-opening of California's economy.

We recognize the impact of economic hardship. We must get our economy roaring once again and put paychecks in people's pockets. But the risk of COVID-19 infection is still real for all Californians and continues to be fatal.

The state is issuing guidance for businesses to follow, if they're permitted to open per County Public Health rules.
