

"Del Rey Oaks' FORTAG Trail: Wrong Turn or Path to the Future?"

The League of Women Voters of Monterey County will present a free talk: "Del Rey Oaks' FORTAG Trail: Wrong Turn or Path to the Future?" at a live-streamed Zoom meeting at noon on Wednesday, April 13, 2022.

YOU ARE INVITED TO JOIN

The Fort Ord Regional Trail and Greenway (FORTAG) is a proposed accessible recreational trail network for walkers, joggers and bicyclists that would wind throughout Monterey County. The construction of the initial FORTAG segment, which would pass through Del Rey Oaks is fully funded and was approved by Del Rey Oaks.

In late 2021 a group of Del Rey Oaks residents, concerned about the trail's impact on their neighborhoods, successfully petitioned to place Measure B on the June 7 ballot. It would block trail construction within Del Rey Oaks. This would effectively scuttle the FORTAG project.

We will hear a pro and con presentation about Measure B. The yes proponents' position (as presented on their website: DROneighbors.org) will be given by a League member as no representative was available. Del Rey Oaks Councilmember Kim Shirley, who supports trail construction, will speak against the ballot measure. The opposition website is: SafeTrailsDRO.com A question and answer period will follow.

To attend, send a message to: LWVmryco@gmail.com requesting an invitation. This talk will be recorded and posted at lwvmryco.org, under Luncheon Videos.
